# Orbit Digital

## 1. EXECUTIVE SUMMARY AND REQUIREMENT UNDERSTANDING

Orbit has extensive public-sector experience and medium pricing, but its integration design needs clarification.

## COMMON PROCUREMENT REQUEST

Northstar Borough Council seeks a cloud-hosted case intake and service portal for citizens and staff. Required scope: migrate 120,000 records; integrate SSO, CRM and payments; support 2,000 concurrent users; go live within 24 weeks; provide accessible interfaces, audit logs, privacy controls and 12 months of support.

## 2. PROPOSED SOLUTION AND TECHNICAL APPROACH

Accessible cloud portal with reusable workflow templates. The proposal says SSO, CRM and payment integrations are supported, but protocols, mapping, error handling and migration validation are not specified. Capacity target is 2,000 users.

Synthetic classroom proposal. No confidential supplier information.

## 3. IMPLEMENTATION TIMELINE, TEAM AND MILESTONES

Weeks 1-4 workshops; 5-12 configuration; 13-18 integration; 19-21 testing; 22-23 launch. Team includes programme manager, solution lead, two developers and test analyst. A change board handles risks.

## 4. PRICE TABLE AND ASSUMPTIONS (USD)

Platform build | 355000 | Fixed scope
Migration | 70000 | Source data supplied clean
Year-one support | 60000 | Standard plan
TOTAL | 485000 | USD excluding tax

## COMMERCIAL CLARIFICATION

All prices are fictional classroom values. Taxes are excluded. Only explicit inclusions in this proposal should be considered committed scope.

Synthetic classroom proposal. No confidential supplier information.

## 5. SECURITY, COMPLIANCE AND PRIVACY CONTROLS

ISO 27001 certified hosting; role-based access, encrypted backups and audit logs. Incident notification timing and data retention period are not specified.

## 6. SUPPORT MODEL, EXPERIENCE AND REFERENCES

Business-hours support with 2-hour urgent acknowledgement. Six council portal projects and three named reference contacts available subject to permission.

## 7. DELIVERY RISKS AND GAPS

Integration effort may expand after discovery; retention and incident terms need agreement.

Synthetic classroom proposal. No confidential supplier information.
