Keystone Analytics

1. EXECUTIVE SUMMARY AND REQUIREMENT UNDERSTANDING

Keystone has clear pricing and a strong reporting concept, but security and delivery evidence are thin.

COMMON PROCUREMENT REQUEST

Northstar Borough Council seeks a cloud-hosted case intake and service portal for citizens and staff. Required scope: migrate 120,000 records; integrate SSO, CRM and payments; support 2,000 concurrent users; go live within 24 weeks; provide accessible interfaces, audit logs, privacy controls and 12 months of support.

2. PROPOSED SOLUTION AND TECHNICAL APPROACH

Cloud intake portal with dashboard analytics, OIDC SSO, scheduled CRM sync and hosted payments. Capacity estimate is 2,000 concurrent users. Migration scripts are described without validation metrics.

Synthetic classroom proposal. No confidential supplier information.

3. IMPLEMENTATION TIMELINE, TEAM AND MILESTONES

Weeks 1-4 design; 5-13 build; 14-19 integration; 20-22 testing and launch. Team: project manager, two engineers and analyst. Risk treatment is limited to a monthly review.

4. PRICE TABLE AND ASSUMPTIONS (USD)

Platform build | 285000 | Fixed scope
Migration | 55000 | Fixed scope
Year-one support | 50000 | Weekdays
TOTAL | 390000 | USD excluding tax

COMMERCIAL CLARIFICATION

All prices are fictional classroom values. Taxes are excluded. Only explicit inclusions in this proposal should be considered committed scope.

Synthetic classroom proposal. No confidential supplier information.

Keystone Analytics

5. SECURITY, COMPLIANCE AND PRIVACY CONTROLS

TLS, nightly backups and admin roles are specified. No certification, privacy assessment, retention period or incident notification target is provided.

6. SUPPORT MODEL, EXPERIENCE AND REFERENCES

Weekday support with next-business-day response. Two analytics deployments, neither in government; references offered after contract award.

7. DELIVERY RISKS AND GAPS

Security assurance incomplete; reporting may depend on access to source data.

Synthetic classroom proposal. No confidential supplier information.
